Charisma Panels
Acrylic Panels

These premium matte hardcoat acrylic panels are UV resistant, anti-fingerprint and have anti-bacterial properties. Their scratch and abrasion resistance is significantly higher than other standard matte surfaces.

Italia Panels
HPL & Birch core

With a light Suede finish and a multiply birch core, this hard-wearing, moisture resistant HPL surface us a favourite with joiners. This double sided panel is excellent for durable, exposed edged cabinetry. With moisture resistant properties, clashing is not needed in many situations.

Sheet Size	Thickness	Lay-up	Weight	Core
2440 x 1220	19mm	13Ply	37.5 kg	HPL Euro
