

Rustica Rough Cut Fine Oak

Specification Sheet

Rough Cut Fine Oak has line indents pressed into the face of the sheet, mimicking a band sawn effect. A pigment wash has then been applied which highlights the lines even more. It can still be stained, oiled, or lacquered as desired. Matching edge tapes are available.

Product Info

Code	Sheet Size	Thickness	Core	Weight	Grading
V19-MDF-18RCt	2440 x 1220	19mm	MR-MDF	41.3kg	AB

Technical Specs

Colour	Indented Lines - Oak Darkened
Texture	Rough, pigment wash
Glue bond	Veneer - PVAC D3 (EN204)
Origin	Northern Europe
Certification	FSC & PEFC Certified Supplier

Ideal Uses

- Kitchen cabinetry
- Wall Panelling
- Commercial cabinetry
- Commercial and hospitality furniture

Handling & Application/ Rustica, despite being a very durable product is still vulnerable to moisture and UV. Consequently it is the users responsibility to ensure the sheets are sealed with a protective coating to give the product the necessary protection from UV moisture and for the desired performance. This is a natural product that can be affected by changes in weather conditions: moisture and temperature. Increased moisture content temperature variation may cause internal stresses causing previously flat sheets to bow.

At Plymasters, precautions are taken to minimise this effect. However, once the panel has left our warehouse we cannot guarantee sheets to remain flat unless fastened. This is particularly important where free standing kitchen/cabinet doors are concerned. When storing panels, stack on a firm raised base with enough support to prevent sagging. Cover the pallet to protect top and edges.
